

Amendments to the Claims

Please amend the claims as follows (the changes are shown with ~~strikethrough~~ for deleted matter and underlining for added matter). A complete listing of the claims is set out below with proper claim identifiers.

1. (Original) A process for producing a polyorganosiloxane-containing resin, comprising mixing a polyorganosiloxane-containing resin containing 5% by weight or more of volatile siloxane immediately after coagulation and dehydration with an organic solvent, and filtering the resultant mixture to decrease a residue in the resin.

2. (Original) The process for producing the polyorganosiloxane-containing resin according to claim 1, wherein the residue is a volatile siloxane.

3. (Currently Amended) The process for producing the polyorganosiloxane-containing resin according to ~~claims 1 and 2~~claim 1, wherein the organic solvent is an alcohol.

4. (Currently Amended) The process for producing the polyorganosiloxane-containing resin according to ~~claims 1 to 3~~claim 1, comprising mixing a polyorganosiloxane-containing resin after coagulation and dehydration with an organic solvent only once, and filtering the resultant mixture.

5. (Currently Amended) The process for producing the polyorganosiloxane-containing resin according to ~~claims 1 to 4~~claim 1, wherein the Calcium content of the resin is 300 to 1,000 ppm.

6. (Original) A polyorganosiloxane-containing resin produced by the process according to any one of claims 1 to 5.

7. (Original) A resin composition comprising a thermoplastic resin and/or a thermosetting resin and the polyorganosiloxane-containing resin according to claim 6.
